

Ravalli Electric Co-op Green Tag Purchase Agreement

Name: _____

Account Number: _____

Address: _____

Agreement

I/We agree to purchase alternative renewable “green tags” from Ravalli Electric Co-op. I/We agree to pay in addition to our regular monthly usage a premium of \$4 or \$6 a month for the alternative renewable “green tags”. I/We understand that this agreement is good until December 31, 2008. I/We agree to give Ravalli Electric Co-op 30 day’s written notice if I/we wish to change the amount I/we are purchasing or if I/we wish to discontinue purchasing the alternative renewable “green tags”.

Green Tag Purchase

I/We wish to purchase 1 or 2 (please circle one) blocks of 1,000 kilowatt hours of alternative renewable green tags. I/We understand that the additional charge for the alternative renewable green tags will be added to my monthly utility statement.

I/We understand that the purchase of “green tags” is not an actual purchase of electrical energy but the real savings in carbon dioxide and other pollutants that occur when alternative renewable energy replaces fossil fuel in the generation of electricity. Green tags are one method to encourage research and development of other alternative renewable energy sources.
